

Phoenix Lighting offers a full range of rugged and durable DC-voltage LED work lights built for heavy-duty mobile equipment and a complete line of AC-voltage lighting for demanding aggregate and industrial applications.

Applications

Aggregates and Construction

- Haul trucks
- Bull dozers
- Frontend loaders
- Graders
- Pick up trucks
- Drills
- Cranes
- Skidsteers
- Excavator

Underground Mining

- Loaders
- Haulers
- Excavators
- Face drills
- Production drills
- Rock reinforcement

Forestry, Agriculture and Railway

- Harvesters
- Forwarders
- Shovel loggers
- Loaders
- Skidders
- Feller bunchers
- Utility vehicles
- MOW Equipment

Material Processing and Dredging

- Conveyor Belts
- Crushers
- Dredges & Cranes
- Chemical/Processing plants
- Large area lighting
- Class Rated/Hazardous Location Rated

Durable Lighting

DC Voltage Equipment Lighting

Sturdilite® Master Series

Low-voltage LED Floodlight

- Durable, premium line of LED fixtures
- Lightweight, compact design ideal for use on the most demanding mobile equipment
- Customized optics minimize glare and provide precise optical control

Wattage up to 24W, 48W or 82W
Lumens up to 2500, 5000 or 7600

Sturdilite® Move Series

Low-voltage LED Floodlight

- Durable, economic line of DC-voltage LED work lights
- Ideal for mobile mining equipment such as haul trucks, excavators, bulldozers and wheel loaders
- Easy installation and fits easily into factory-installed positions

Wattage 19W, 40W or 64W
Lumens up to 2000, 5000 or 7000

No-Glare Technology

- Reduces glare and eye strain to improve operator safety, comfort and performance. Improves visibility for operators in surrounding vehicles.

Amber LEDs for Higher Safety in Low Visibility

- Amber lighting improves visibility during inclement weather like fog, dust, rain and snow.

No Glare Optic

Operators are not blinded by oncoming light

Flood Optic

AC Voltage Infrastructure Lighting

CVO 2

LED Conveyor & Area Light

Wattage Up to 75W, field adjustable output
Lumens Up to 11000 (50K), 8000 (22K), or 6500 (Amber)

Danger Light™

Heavy Duty LED

Wattage 42W
Lumens up to 3800

HDL-LED Series

Heavy Duty LED

US Design Patent No. D720,875

Wattage 28W, 55W (pictured) or 83W
Lumens 2850, 5700 or 8550

CLIR™ Series

High Performance LED Large Area Floodlight

Wattage 630W
Lumens 85,000

Conquer™ Series Floodlight

Mid-watt Hazardous Rated LED Flood

Wattage 60W
Lumens 6000

LFXB LED Series

Explosion-proof LED

Wattage 40W (pictured) or 80W
Lumens up to 4200 or 8400

Many more Phoenix Lighting fixtures are available. Please see Phoenix Lighting's complete catalog.

Capabilities & Services

Durability by Design

We make design decisions such as superior LEDs, potted drivers, high quality finishes and marine grade components to ensure our fixtures outlast any other option. Every step of the design and manufacturing process is controlled so each fixture leaving our building meets Phoenix's strict durability by design standards.

Lighting designs & calculations

We offer lighting layouts to demonstrate the illumination levels on the ground and how many lights are needed to accomplish the specification. Our technical team carefully analyzes fixture positions, optimal beam angles, and possibilities of bright spots or contrast to create the perfect lighting formula for a safe and functional environment.

Outstanding Customer Service & Technical Support

We're invested in your project's success and work to ensure there are no complications related to lighting. Phoenix is known for our exceptional customer service and technical support and will be here when needed. You get direct access to a team of customer service representatives and dedicated engineers for technical support.
