

! CAUTION

- All wiring should be done by a licensed electrician in accordance with state codes, local codes, National Electric Code (NEC) standards and International Electrotechnical Commission (IEC) standards.
- Improper installation may result in serious injury and void warranty.
- Keep plugs and receptacles dry. This fixture should only be used on Ground Fault Circuit Interrupter (GFCI) protected circuits.
- Contains parts and assemblies susceptible to damage by electrostatic discharge (ESD).
- When using luminaires, basic safety precautions should always be followed to reduce the risk of fire, electric shock and personal injury. When used in wet locations, circuit(s) or outlet(s) must have GFCI protection. Receptacles with built-in GFCI protection should be used for this measure of safety.

Wiring

Input voltage is 20-50V DC.

Lead	Color	
1	white	positive (+)
2	black	negative (-)

Fixture Dimensions

Mounting

Mounting feet (MB-LEDLT) are sold separately.

Product design and specifications are subject to change without notice.
