

■ HEAVY DUTY

# LOADING DOCK LIGHTING

## **FlexPro docklite®** FLEXIBLE ARM LED DOCK LIGHT

Rugged and flexible dock light provides users with maximum adjustability in aiming and dimming.

- Voltage: 100-277V or 120V
- Input Power: 10W
- Lumens: up to 1,100
- CCT: 4000K

## **DLX LED docklite®** EXPLOSION-PROOF LED LIGHTS

This UL844 Class I, Division 1 explosion-proof series is available as a dock light, floodlight and portable task light.

### Key Specifications

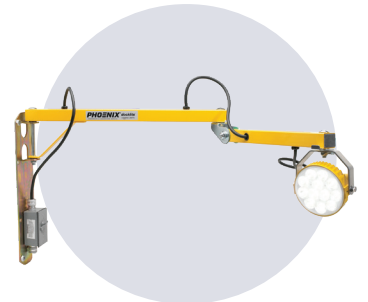

- Voltage: 120-277VAC
- Input Power: 44W
- Lumens: Up to 4,600
- CCT: 5000K

## **DLAW 2 docklite®** 9W WET LOCATION LED TASK LIGHT

Wet location rated LED dock light ideal for cold storage, spray down areas, and loading dock exposed to outdoor conditions.

- Voltage: 120V
- Input Power: 9W
- Lumens: up to 1,100
- CCT: 4000K

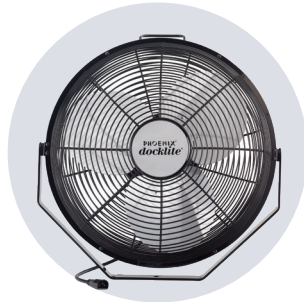

### Modular *docklite*<sup>®</sup> Fan MODULAR DOCKLITE<sup>®</sup> FAN

Light-weight, 3-speed dock light fan provides up to 4800 CFM airflow for maximum circulation.

- **Voltage:** 120V
- **Airflow (cubic feet/minute):**  
Low — 2750 CFM,  
Medium — 3650 CFM,  
High — 4800 CFM

### DLA 2 *docklite*<sup>®</sup> 9W MODULAR LED LOADING DOCK LIGHT HEAD

Compact, yet durable modular dock light head with a custom 25° square beam ideal for illuminating truck trailers.

- **Voltage:** 120V
- **Input Power:** 9W
- **Lumens:** 1,100
- **CCT:** 4000K

### Modular *docklite*<sup>®</sup> MODULAR DOCKLITE HEAD

Competitively priced, yet extremely durable high-temperature polymer dock light head.

- **Voltage:** 120V
- **Input Power:** Accepts up to 50W self-ballasted PAR 38 LED lamp
- **Lumens:** 1,200 lumens (when LED lamp is provided)
- **CCT:** 4000K

### Modular *docklite*<sup>®</sup> Arms MODULAR DOCK LIGHT ARMS

Double-strut modular dock light arms available in 40" and 60" lengths and designed to hold any Phoenix dock light head and fan.

- **Voltage:** 120V
- **Wiring:** On-off switch and two (2) IEC type receptacles
