

PORT TERMINAL LIGHTING

EcoMod® 3 Series HEAVY-DUTY LED FLOODLIGHT

Rugged floodlight expertly engineered with durable, marine-grade components and various optic optics. Designed to withstand significant vibration and harsh external environments of large port equipment.

Key Specifications

- **Voltage:** 120-277VAC; 277-480VAC
- **Input Power:** 121W; 231W; 438W
- **Lumens:** 15,000; 30,000; 52,500
- **CCT:** 5000K; 4000K; 2700K

Command Flood® Series HAZARDOUS-RATED LED FLOODLIGHT

UL844 Class I, Division 2 hazardous-rated LED floodlight delivers 18,500-48,000 lumens with versatile voltage and mounting options. Available in three constructions: Command Flood 150, 250, or 375.

Key Specifications

- **Voltages:** 120-277VAC; 277-480VAC
- **Input Power:** 145W; 240W; 360W
- **Lumens:** 18,500; 32,000; 48,000
- **CCT:** 5000K; 4000K; 2700K

Soar® Series HIGH-MAST LED AREA LIGHT

This high-output, high-mast LED area light delivers up to 140,000 lumens making it the ideal solution to illuminate large outdoor spaces in ports, airports, and industrial yards.

Key Specifications

- **Voltage:** 120-277VAC; 277-480VAC
- **Input Power:** 630W; 960W
- **Lumens:** 105,000; 140,000
- **CCT:** 5000K; 4000K; 2700K; 1800K Amber (<1% blue light emission)

Highland® Series HIGH-MAST LED AREA LIGHT

This versatile high-mast LED area light offers a variety of optics, lumen outputs, and mounting options to illuminate large outdoor areas to enhance productivity, safety, and security.

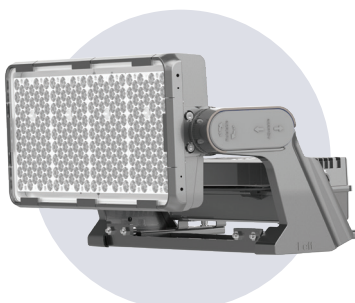

Key Specifications

- **Voltage:** 120-277VAC; 277-480VAC
- **Input Power:** 265W; 530W
- **Lumens:** 40,000; 80,000
- **CCT:** 5000K; 4000K

Apex™ Series HIGH-MAST LED FIXTURE

A high-performance LED area light that delivers up to 138,000 lumens with advanced glare control and dimming options, making it the perfect choice to illuminate large, expansive areas where significant light coverage is needed.

Key Specifications

- **Voltages:** 120-277VAC; 277-480VAC
- **Input Power:** 600W; 1,000W
- **Lumens:** 85,000; 138,000
- **CCT:** 5700K; 5000K; 4000K; 2700K

Wayfinder™ 2 ACCESSWAY LED FIXTURE

This accessway fixture delivers up to 1,300 lumens with wide beam light coverage, field-adjustable output and motion sensor compatibility, making it ideal for walkways, catwalks, and high-traffic pedestrian foot traffic areas. Available with clear, diffuse, red, green, or blue lens options.

Key Specifications

- **Voltages:** 120-277VAC
- **Input Power:** Field adjustable output up to 11W
- **Lumens:** Up to 1,300
- **CCT:** 5000K; 4000K; 2700K

Sturdilite® Master LOW-VOLTAGE LED FLOODLIGHT

Impact resistant polycarbonate or tempered glass lens and a heavy-duty harp to withstand extreme shock and vibration. DC work light ideal for crane cab lighting, port terminal top lifts, and empty handlers.

Key Specifications

- **Voltage:** 12-48V DC, 24-48V DC
- **Input Power:** 24W, 48W, 64W
- **Lumens:** 2500, 5000, 7600
- **CCT:** 5000K

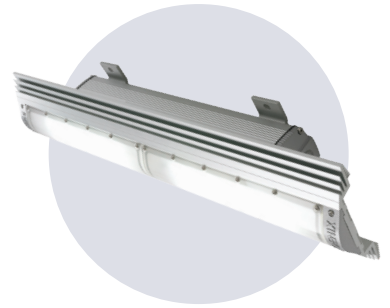

HDL-LED Series HEAVY DUTY LINEAR LED

This UL844 Class I, Division 2 series has a compact, low profile design. Available with 1, 2, or 3 circuit boards. Ideal for machine rooms and electric rooms.

Key Specifications

- **Voltage:** 120-277VAC
- **Input Power:** 28W, 55W, 84W
- **Lumens:** Up to 3,150; up to 6,300; up to 9,400
- **CCT:** 5000K; 4000K

ReadiLED™ LED SNAPLIGHT AND RETROFIT TRAY

Vibration-resistant for demanding environments. 4HR emergency battery backup (EMB4HR) option available. 4HR emergency battery backup (EMB4HR) option available.

Key Specifications

- **Voltage:** 120-277V, 277-480V
- **Input Power:** 29W, 49W
- **Lumens:** Up to 3700, 6400
- **CCT:** 5000K, 4000K

Cube-Light COMPACT LED AREA LIGHT

This compact LED area light has a small installation footprint while delivering up to 1,000 lumens with versatile mounting options for illuminating walkways, accessways, and doorways. Available with red, amber, green or blue lens accessory.

Key Specifications

- **Voltages:** 120-240VAC; 12-24VDC
- **Input Power:** 13W
- **Lumens:** 1,300
- **CCT:** 5000K

Midline Flood™ MARINE INDUSTRIAL LED FLOODLIGHT

IP66 and UL1598A rated and ideally suited for port gantry lighting, crane logo lighting, and truck lane lighting.

Key Specifications

- **Voltage:** 120-347V
- **Input Power:** up to 90W
- **Lumens:** 8000, 10500, 13000
- **CCT:** 5000K

Danger® Light HEAVY DUTY LED

Designed to illuminate the "danger zone" surrounding large mobile equipment.

Key Specifications

- **Voltage:** 48W, 53W
- **Input Power:** 120-277V
- **Lumens:** 3800
- **Color:** Red or green
