

### ! CAUTION

- Improper installation may result in serious injury and void warranty.
- When using luminaires, basic safety precautions should always be followed to reduce the risk of fire, electric shock and personal injury.

Included in the SturdiLED<sup>®</sup> Visor Kit: three (3) M4 socket head screws (Item 1), three (3) split washers (Item 2) and one (1) visor (Item 3).

#### Visor Installation

1. Disconnect power to fixture.
2. Align the three (3) holes in the visor (Item 3) with the three (3) holes on the mating surface of the housing.
3. Secure visor using three (3) M4 socket head screws (Item 1) and three (3) split washers (Item 2). Tighten screws using a metric allen wrench (not included).
